

“I apologize sincerely and profusely for the unauthorized use of the Volkswagen emblem on my campaign mailer. I take full responsibility for this action and will take appropriate steps to make sure that it doesn’t happen again. Frankly, as a community we have become rather casual and liberal about the use of the Volkswagen logo on welcome signs, tee shirts, bumper stickers and other such materials. Perhaps it’s time to be more careful. Let me state clearly that I have neither asked for nor received an endorsement or support from Volkswagen or any of its principals or executives. I’m just glad that they are here.”
