**STATE OF TENNESSEE**  
**Department of Education**  
**Memorandum of Understanding**

**LEA Guidance on the Use of Race to the Top Funds**

This MOU requires the LEA to provide products and/or services that are funded in whole or in part under the Race to the Top award. The LEA is responsible for ensuring that all applicable requirements, including but not limited to those set forth in the Race to the Top application are met and that the LEA provides information to the State as required. Race to the Top funds are to be accounted like those of ARRA, therefore the following applies.

The LEA (and any subcontractor) shall comply with the following:

- a. Federal Grant Award Documents, as applicable.
- b. Executive Office of the President, Office of Management and Budget (OMB) Guidelines as posted at [www.whitehouse.gov/omb/recovery\\_default/](http://www.whitehouse.gov/omb/recovery_default/), as well as OMB Circulars, including but not limited to A-102 and A-133 as posted at [www.whitehouse.gov/omb/financial\\_offm\\_circulars/](http://www.whitehouse.gov/omb/financial_offm_circulars/).
- c. Office of Tennessee Recovery Act Management Directives (posted on the Internet at [www.tnrecovery.gov](http://www.tnrecovery.gov)).

**TRAM Directives Are As Follows:**

- (1) All recipients and sub recipients of ARRA funds are required to designate a senior accountable official for Recovery Act activities.
- (2) All recipients and subrecipients of ARRA funds are required to ensure that all ARRA funds are accounted for separately from non-ARRA funds in financial and reporting systems to include sub-systems.
- (3) All recipients and subrecipients of ARRA funds are required to monitor the accountability objectives of the ARRA and all other federal, state and local laws, rules and regulations.
- (4) All recipients and subrecipients of ARRA funds are responsible for ensuring that proper procurement and grant and contract management procedures are established and followed.
- (5) All state recipients and subrecipients of ARRA funds are responsible for establishing an appropriate internal control environment over ARRA funds including approvals, adjustments, recordkeeping, reporting reconciliation, segregation of duties and supervision. The internal control environment must facilitate concurrent external monitoring and post-audit activities.
- (6) All local agencies, including city and county governments and nonprofit organizations receiving ARRA funds, must follow internal control guidance prescribed by the State of Tennessee Comptroller of the Treasury, Division of Municipal Audit and Division of County Audit.
- (7) All recipients and subrecipients of ARRA funds must ensure all contract and award documents include clauses to clarify that recipients are legally obligated to meet ARRA reporting requirements.
- (8) All recipients and subrecipients of ARRA funds are required to adopt a risk assessment process for all ARRA programs to include risk identification, risk evaluation and mitigation plans. The risk assessment must also include items that address meeting program requirements and objectives. It is recommended that agencies utilize the Tennessee Financial Integrity Act or any subsequent guidance issued by a controlling federal agency as a platform for program accountability and risk assessment.
- (9) All recipients and subrecipients of ARRA funds are required to complete an action plan. Each action plan must include the following:
  - > Program title and CFDA number (Catalogue of Federal Domestic Assistance) if applicable.
  - > A plan detailing how the funds will be spent and how the agency will address the absence of federal funding, after the funds are discontinued.
  - > Summary description of the program and objectives to be achieved. The goals and objectives shall demonstrate cost-effectiveness, in plain language that is concise and easily understood by an audience with no in-depth knowledge of the program.
  - > Sources, description and amount of all ARRA funds that the agency is expected to receive for each program.
  - > Federal program reporting requirements for the ARRA funds the agency is expected to receive.
  - > Requirements under the Act associated with spending federal funding, including but not limited to state match or cost share requirements, percentage limitations and timeframes.
  - > Documented written criteria for granting ARRA resources to subrecipients.
  - > Procedures in place to ensure adequate data capture of information necessary to comply with ARRA, federal and state reporting requirements.
  - > A description of the risk management plan as required in Directive 8, above.\*

- (10) All recipients and subrecipients of ARRA funds are required to submit state specific reports to TRAM, upon request.
- (11) All recipients and subrecipients of ARRA funds must ensure that ARRA-funded programs are carried out expeditiously in an effective and efficient manner.
- (12) All state agencies receiving and subsequently distributing ARRA funds to subrecipients are responsible for formally communicating these directives to all subrecipients, ensuring their complete understanding of ARRA fund accountability and transparency requirements.
