OFFICIAL NOTICE

RECEIVED

APR 19 ....

Initial: _____

We have found that your organization could be in violation of Church and Nonprofit compliance regulations with the IRS.

Your Federal Identification number allows the IRS to track all required IRS Tax Forms to be filed by your Church or Nonprofit organization.

Our experience reveals, you may not have filed all of your IRS Tax Forms and penalties may be assessed.

Compliance Review – Check These Four Things

1. Did you have and did you report all Love Offerings, including Anniversary, Pastor Appreciation, Birthday, Christmas, and Pastor's Aid Love Offering?
2. Did your Church pay any cash, make change or cash checks from the offering plate at any time during or after the service?
3. Did you file for your 501(c)(3) and have you kept it current by filing all IRS Forms?
4. Did you have a compliance review for the last 3 years?

If you have not properly reported on the items above, then you could have serious violations in your Church or Nonprofit Ministry.

You must act now! Call P. Hilton, Compliance Officer at 800.344.0076. You must bring your Church into compliance now — before it's too late!
